Dear George,

Just a note to thank you and your fine technicians for the excellent fender repair on my 1973 MGB. I was very fortunate to find you through a referral from another British car enthusiast who works here with me, because my own searching had not turned up anyone that gave me a feeling of trust and also a knowledge of these cars.

My fender, repaired the "old-fashion way" can only be described as good as new, and the paint match is perfect.

Although I hope I won't be visiting you again too soon, you are certainly my body shop of choice!

Sincerely,
